Details of Member Service Offered:

Funky Monkey Bedrooms is offering officers, staff and retired members of Suffolk Police a 10% discount on all their products (not postage).

Funky Monkey Bedrooms is part of Household Innovations Ltd, a family run business which has been providing customers with innovative products for around the home and garden since 2005.

We not only have a great range of household products but we also specialise in children's bedroom accessories allowing parents to theme and create wonderful spaces for their little ones to enjoy. This has stemmed from our love of pretty things that we simply could not resist and that are now available for children to accessorize their bedrooms which were unfortunately not available in our time!

We operate as an internet based company only, therefore we do not have any shops for customers to visit to see our products.

We also offer a fair return and refund policy if you are not entirely happy with your purchase, enabling you to buy with confidence. Full details of this policy can be found under "Delivery and Returns" on our website

We hope you enjoy your shopping experience with us and if you do, please tell your friends - if you do not, then please tell us!

To obtain your 10% discount (off of the goods but not the postage).

Please enter the code below into the box on the left hand side of the website called 'discount voucher'. This can be done either before adding items to your shopping basket or after, but it must be added prior to making payment.
